

Resume

My name is Herbert Muntwyler, Swiss citizen, born on the 19th of February 1955 in Lucerne, Switzerland, 56 years of age.

I live with my Thai partner in Nongkhae/Saraburi . She was a former secretary for Human resources and is the mother of my 2 daughters,

- 18 years old (studying German and French at Silpakorn University in Nakorn Prathom, Thailand)

- 10 years old (5th grade primary school in Saraburi, Thailand).

My present address is

Herbert Muntwyler

c/o Guenthart (Thailand) Co.,ltd

47, Praholyothin Road

Nongkhae/Saraburi 18140

Thailand

e-mail address: monty-pit@hotmail.com

phone number (0066 (0)81 6400782

Till present time I have done

- 7 till 18 years of age local school (high school degree) in Lucerne
- 18 till 21 years of age apprentice by 'La Genève insurance company' in Lucerne with a government office and business degree
- 21 till 23 years of age work-student by 'IBM Zurich' as a computer programmer for commercial business solutions and apprentice by 'Buerkler EVD consulting' in Lucerne
- 23 till 25 years of age programmer by 'EDP software solutions' in Lucerne and work-student by 'IBM Zurich' for analyzing commercial software solutions
- 25 till 27 years of age programming and analyzing commercial software solutions by 'EDP software solutions' in Lucerne
- 27 till 35 years of age free lance programmer and analyzer for commercial software applications for 'Halter EDV' in Sachseln, Switzerland
I worked in different companies and factories in central Switzerland, mostly for IBM systems in new developments and implementations, rewriting old applications, tailoring and customization of consisting software
 - o Between 31 and 35 years of age I owned a seasonal scuba diving shop in Ko Samet, Thailand (5 months/year), the rest I spent in Switzerland . I got a scuba diving instructor degree in Switzerland (my hobby) at the age of 24 (CMAS - Swiss Under Water Federation).
- 36 years of age till the present time (19 years) manager by 'Guenthart (Thailand)'
Because of my love to Thailand I quit programming and analyzing in Switzerland and started working by 'Guenthart (Thailand)' for the last 19 years, starting with

- 1st warehouse manager; inventory, material flow (first in, first out incl.), then analyzing and implementing a new computer software (before non existent)
- 2nd import/export manager in connection with BOI (raw material accounts) ; arranging the import of needed raw material and the export containers, mostly to Europe, including checking the different offers from the forwarders/carriers.
- 3rd NON food production manager and food/ non food packing manager; handling everything from receiving the orders till sending the finished goods out.

I have done those 3 jobs independently and simultaneously for which I had a total of several hundred workers under my supervision (office and production/packing/stock).

I understand as well

- reading/writing and talking fluently in German and English, I am able to speak some Thai
- ISO, IFS & BRC, HACCP standard (passed the audits for the last several years on higher level)
- implement personnel and team oriented objectives
- Excel & Access(higher level), Word, internet
