

## Celebrating 25 Years of Swiss-Thai Synergy:

### Giving Back to the Community

Marking the silver jubilee of the Swiss-Thai Chamber of Commerce (STCC), we are driven by a mission greater than traditional celebrations. For a quarter of a century, we've held onto the core tenets of generosity and Corporate Social Responsibility that define the Swiss community across the world.

Thus, the STCC has embraced a more impactful approach. We understand that a lavish celebration, albeit enjoyable, does not necessarily translate into substantial community benefit. Therefore, in the spirit of altruism and positive impact, we're organizing a cocktail reception dedicated to celebrating selflessness and community spirit.

To create a widespread positive ripple effect, the raised amount will be equitably distributed among:

- **Child's Dream Foundation**

Child's Dream exists to ensure that children and young adults in the Mekong Sub-Region, affected by inequality, grow up to be healthy and have access to quality education and employment opportunities. With the money raised during the event we would like to support one life-savings operation for a child with a congenital disease. This programme allows children from Myanmar and Laos in the age from 0 - 12 years with a life-threatening congenital disease, mostly heart diseases, to come to our safehouse in Chiang Mai and get treatment at the Chiang Mai university hospital.

- **Jan & Oscar Foundation (Social Enterprise Ranong Recycle for Environment (RRE))**

Since 2005, the Jan & Oscar Foundation has tirelessly aided disadvantaged children in Thailand, striving to enhance living conditions and education. With a focus on environmental education, the Foundation funds waste banks in local island schools, empowering children to combat plastic pollution and become future green leaders. Donations from this event support educational projects in Southern Thailand.

#### **Our fundraising initiatives are twofold:**

1. **Community Contributions:** We encourage our founding members and all who identify deeply with our community ethos to contribute. Whether a Small-Medium Enterprise (SME) or a Multi-National Corporation (MNC), every entity embodies the Swiss and Thai values of altruism, generosity, and sustainability. These aren't just words; they're the fabric that binds the Swiss-Thai Business community together. [Package \(attached\)](#)
